

PATHWAYS HEALTH CENTRE FOR CHILDREN

Augmentative Communication Services - Training Session #5

Navigation Tips for the PODD

- We will focus on the messages contained on **pages 2, 4a and 4b** (“I like this” messages, **20 squares per page**).
- Use the **“turn the page”** button for items on the next page.
- If you have made a mistake, use the **“oops”** button.
- If you have to go back to the beginning, use the **“go back to page 1”** button.
- If you want to remain in the section, but must turn back use the **“go back to page (#)”** button.
- If you can’t find a word, put it on a list.
- For the **9 and 12 squares per page** layouts follow the same patterns; slight differences may exist in the location of the message buttons. The **40 squares per page** layout book combines **“I like and don’t like this”** messages into **“I think it’s...”**.

Navigation Tips for Proloquo2go

- As we continue exploring and learning the folders within Proloquo2go, we will now focus on **“I like this”** messages.
- These messages can be found in **“Describing Words” → “Feelings”** and in **“Describing Words” → “Positive Describing Words”**.
- Folders within Proloquo2go will open to more vocabulary, explore these folders and get to know where the vocabulary is located.

Try the Following Practice Phrases

The practice phrases below are provided to get you started. Continue to use the messages on the pages (indicated above) during your interactions throughout the day. If there are any questions after reading the above information and practicing the phrases below, please contact ACS.
