

Going to School

I will go to school this year.

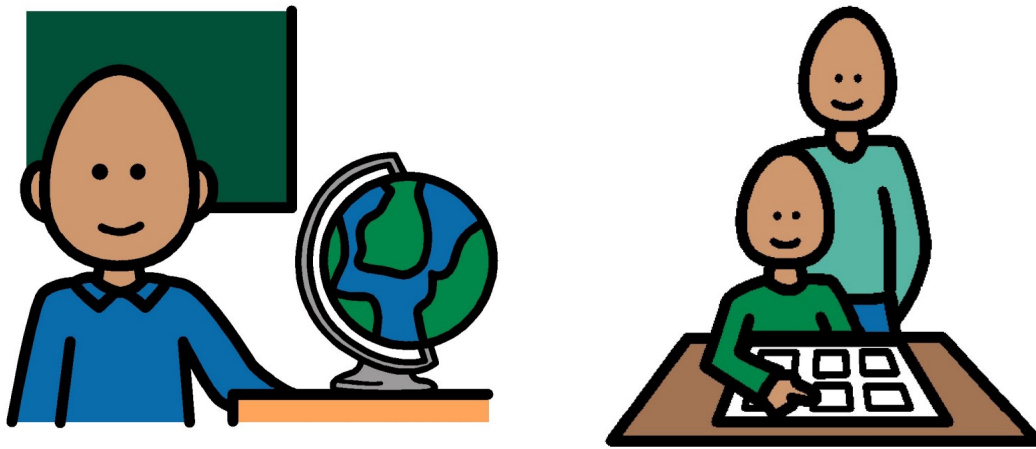

I will take the bus to school.

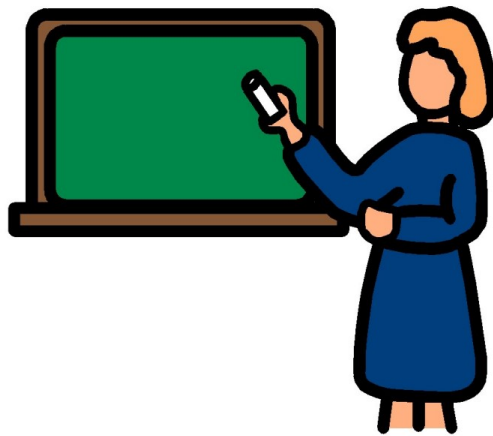

I will walk to school.

I will get a ride to school.

There will be a teacher and an EA in my classroom. They will help my friends and I with our school work.

Our teacher will help us learn.

I will always try my best when I am at school.

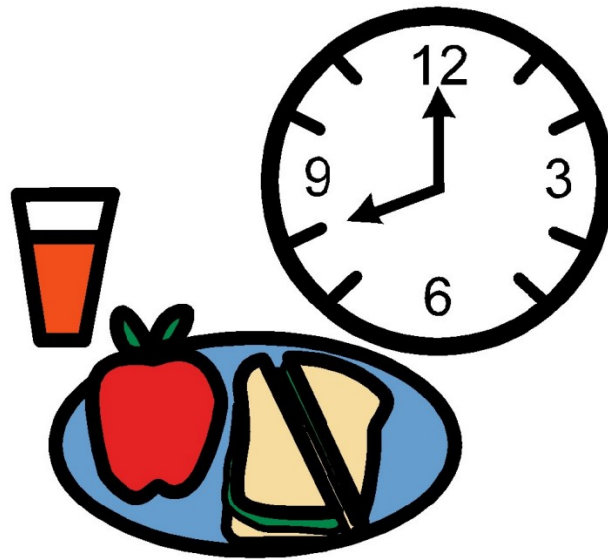

Trying my best will make my teacher and my family happy.

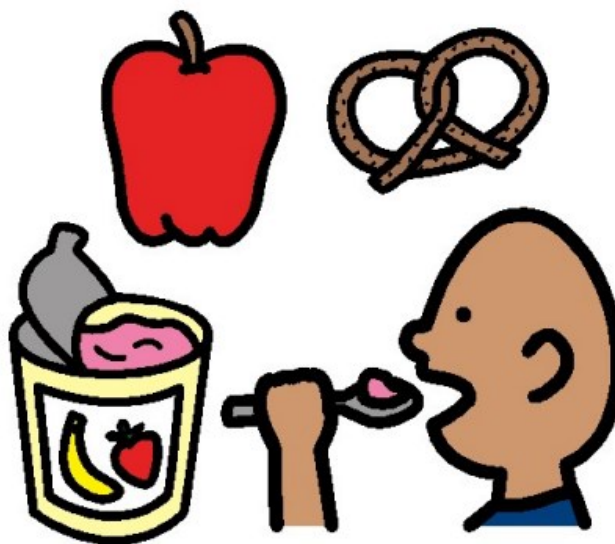

Sometimes school may be hard. If it is hard, I can ask my teacher or an adult for help.

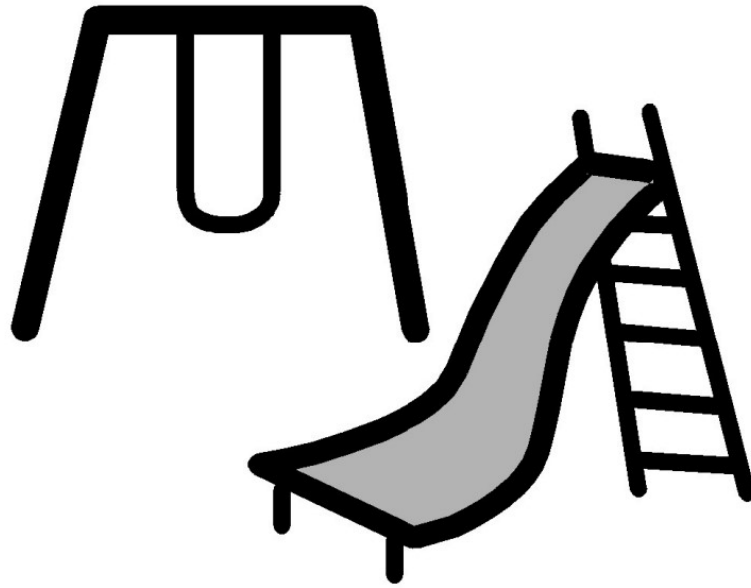

They will help me when school is hard.

We will have lunch and snack breaks each day.

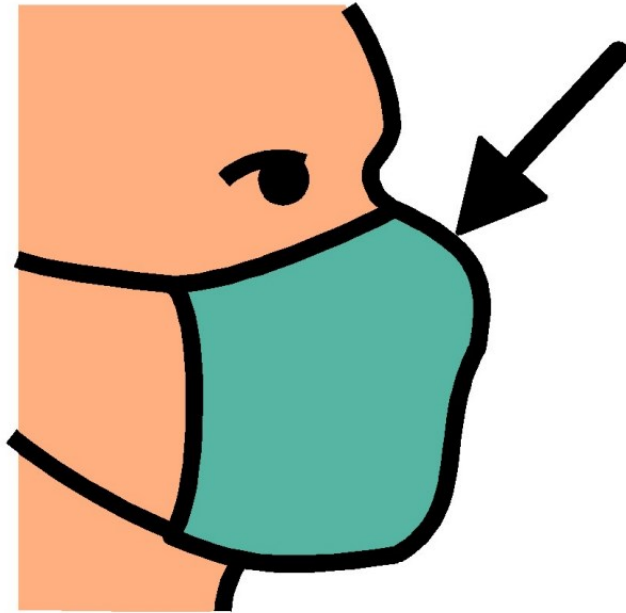

I will eat my food during break so I don't get hungry during the day.

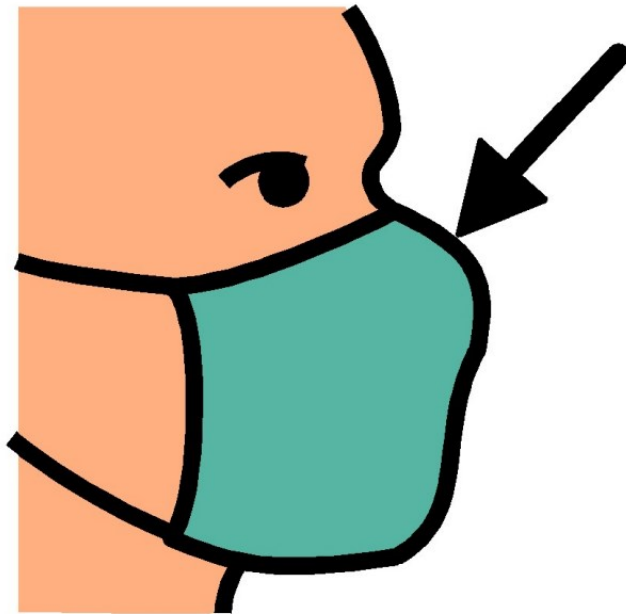

Each day we will go outside for recess.

I can play with my friends during recess. It is a lot of fun!

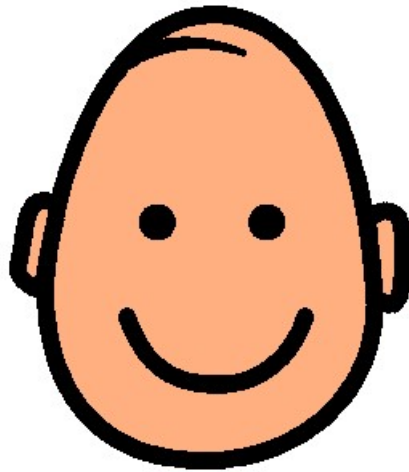

Teachers and students may have to wear masks at school. I might have to wear a mask too.

We wear masks to help keep us safe from germs.

My teachers and family will be happy and proud of me when I work hard in school and try my best.

I am happy to be at school. School is fun!
